

Brightwell Dispensers free product training seminars

Programming for dishwash and laundry dosing systems

Seminar Details

Brightwell's electronic dosing equipment training seminars are tailored to give you knowledge of the installation, programming and maintenance of the equipment and enable you to make the right choice of equipment for your requirements. These seminars cover not only the dishwashing and laundry dosing units but also ancillaries such as manifolds and low level alarms. Our modern training facility is fully equipped with our most up-to-date equipment for a practical hands on experience.

In the seminar you will

- Gain product advice from the experts
- Learn to promote the unique benefits of dosing systems to customers
- Install systems for perfect function every time
- Learn how to program units for optimum performance.

Seminar structure (9.30am - 4.30pm)

- Morning refreshments (provided)
- Quantura 10 and Quantura 200 dishwasher dosing systems features and programming
- Introduction to BrightLogic laundry dosing systems
- Lunch (provided)
- Laundry programming, tube replacement and fitting modules
- Computer software workshop (please bring a laptop)
- Q&A

What can you expect from the seminar?

By the end of the training session you should feel comfortable programming Brightwell's dosing systems. We'll send you off with all the instruction manuals and guides to help you and we offer a free technical help line during European office hours.

When and where?

We arrange training dates quarterly. The training sessions take place at our HQ training premises:

Brightwell Dispensers Ltd
Unit 1, Rich Industrial Estate
Avis Way, Newhaven
East Sussex, BN9 0DU

Note: For customers in Continental Europe, we can offer training seminars in our office in Heppenheim, Germany.

Booking

To book your training or to request more information, contact Axel Stein on +44(0) 1273 511300 or by e-mail at axel.stein@brightwell.co.uk. Alternatively, speak to your Brightwell account manager.
