REACH Declaration: Brightwell Dispensers Ltd

Brightwell Dispensers Ltd can confirm to the best of our knowledge, by means of information submitted to us by our upstream suppliers, that our products and their variants are manufactured and supplied in accordance to REACH regulations and do not include any Substances of Very High Concern (SVHC) from the currently published candidate list.

The substances listed on the SVHC are not knowingly present in our products nor are they intentionally added.

The candidate list is reviewed and updated twice yearly and as a result we monitor our upstream suppliers regularly in order to maintain our compliance.

This declaration applies to the product as it leaves the production facility and does not cover any alterations made further down the supply chain.

The information provided to us is based on trust and provision of supplier declaration, in-house testing is not carried out by Brightwell.

This declaration replaces all previous publications relating to this subject and will be updated when necessary.

Signed

M. O'welly

Position Held: General Manger
