

RoHS(2) Declaration: Brightwell Dispensers Ltd

2011/65/EU

Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment

Brightwell Dispensers Ltd can confirm to the best of our knowledge, by means of information submitted to us by our suppliers, that our products and all their variants are manufactured and supplied in accordance to RoHS(2) regulations and do not contain any of the banned or restricted substances at or beyond the specific guide concentrations.

These concentrations are to be no more than 0.1% of the following substances: Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls (PBB) and Polybrominated Diphenyl Ethers (PBDE)

This declaration applies to the product as it leaves the production facility and does not cover any alterations made further down the supply chain.

The information provided to us is based on trust and provision of supplier declaration, in-house testing is not carried out by Brightwell.

This declaration replaces all previous publications relating to this subject and will be updated when necessary.
